Remembering Victoria Jul 20 2019 On October 15, 1983, a young mother of six was murdered while walking across her village of Huitzilán de Serdán, Mexico, with her infant son and one of her daughters. This woman, Victoria Bonilla, was among more than one hundred villagers who perished in violence that broke out in 1978 soon after the Mexican army chopped down a cornfield that had been planted on an unused cattle pasture by forty Nahuatl villagers. In this anthropological account, based on years of fieldwork in Huitzilán, James M. Taggart turns to Victoria's husband, Nacho Ángel Hernández, to try to understand how a community based on respect and cooperation descended into horrific violence and fratricide. When the army chopped down the cornfield at Talcuaco, the war that broke out resulted in the complete breakdown of the social and moral order of the community. At its heart, this is a tragic love story, chronicling Nacho's feelings for Victoria spanning their courtship, marriage, family life, and her death. Nacho delivered his testimonio to the author in Nahuatl, making it one of the few autobiographical love stories told in an Amerindian language, and a very rare account of love among the indigenous people of Mesoamerica. There is almost nothing in the literature on how a man develops and changes his feelings for his wife over his lifetime. This study contributes to the anthropology of emotion by focusing on how the Nahuatl attempt to express love through language and ritual.

Victoria & Albert Jun 11 2021 The Victorian era is unquestionably one of the high points in the history of British art—and the culture of that period was defined, as much as anything, by the artistic tastes of Queen Victoria and her beloved Prince Albert. From Victoria's accession in 1837 to Albert's death in 1861, Buckingham Palace was known as “the headquarters of taste,” and in a time when royal patronage was still essential to a successful artistic career, the pair enthusiastically collected paintings, sculpture, jewelry, and furniture from a wide range of British and European artists. Victoria & Albert presents the highlights of that extensive collection through more than four hundred beautifully produced full-color illustrations. In addition to the many artworks, both familiar and little-known, that Victoria and Albert collected, the book also features the monarchs' own creations, from paintings, drawings, and etchings to the loving souvenir albums they assembled to record their travels and commemorate the major events of their lives. Opening a window onto the lives of two people as passionate about art as they were about each other, Victoria & Albert will be a comprehensive resource for scholars of British art and the royal family.

And the wrong feels too good to be trusted. People think that Alex was born with a silver spoon in his mouth, not only rich, but blessed by luck. Men respect him, women dream of him, and Alex alone knows the strength it takes to conceal his tortured soul and devastating secrets. But despite those powerful life lessons, he has always believed in his father's words, 'When you fall in love, you love forever - it's in our family blood. Look for HER and you'll find your happiness beyond thought...' Valeria has never experienced actual romance (an early pregnancy, a hasty marriage, a life filled with work and study) and considers herself a pragmatist. She was taught to live by the rules: if you get married, then you love your husband; if you dream of a new home, then you work hard. But when, against all logic, she finds a beautiful stranger in her bed, her world turns upside down. After all, falling for the forbidden can be too sweet not to try... at least once. They come from the opposite ends of the globe, but the collision of two soulmates is destined. Fate will send them on a lifelong journey from Eastern Europe to Spain, France, the United States, and back. Their story is a mix of a beautiful fairy tale and a painful nightmare. It's not something you've heard before: everything is too vivid, too honest, too emotional and too profound. An attraction at first sight; A passion that breaks all rules; A hypnotic melody - it conquers all. This is one love for life and beyond time, This is MONOGAMY...
