**Three Pianos** May 22 2022 From beloved indie musician Andrew McMahon comes a searingly honest and beautifully written memoir about the challenges and triumphs of his life and career, as seen through the lens of his personal connection to three pianos. Andrew McMahon grew up in sunny Southern California as a child prodigy, learning to play piano and write songs at a very early age, stunning schoolmates and teachers alike with his gift for performing and his unique ability to emotionally connect with audiences. McMahon would go on to become the lead singer and songwriter for Something Corporate and Jack's Mannequin, and to release his debut solo album, Andrew McMahon in the Wilderness, in 2014. But behind this seemingly optimistic and quintessentially American story of big dreams come true lies a backdrop of overwhelming challenges that McMahon has faced—from a childhood defined by his father's struggle with addiction to his very public battle with leukemia in 2005 at the age of twenty-three, as chronicled in the intensely personal documentary Dear Jack. Overcoming those odds, McMahon has found solace and hope in the things that matter most, including family, the healing power of music and the one instrument he's always turned to: his piano. Three Pianos takes readers on a beautifully rendered and bitter-sweet American journey, one filled with inspiration, heartbreak, and an unwavering commitment to shedding our past in order to create a better future.

Stylistically Mikrokosmos reflects the influence of folk music on Bartok's life and the rhythms and harmonies employed create music that is as modern today as when the cycle was written. The 153 pieces making up Mikrokosmos are divided into six volumes arranged according to technical and musical difficulty. Major teaching points highlighted in Mikrokosmos 3 - Triplets, broken chords, chromatic invention.

This new, completely revised and reset centenary edition of Satie's complete piano music in three volumes has returned to Satie's manuscripts and first editions to give pianists completely accurate and reliable texts to play from. As well as presenting every piece for piano solo or piano reduction that Satie published, this edition also includes some previously unknown pieces, like the Petite Sonate that he wrote for Vincent d'Indy at the Schola Cantorum, as well as some interesting first versions of well-known pieces, like San Bernardo, a trial version of Espanana (1913) and the markedly different first version of Les Pantins dansent (1914). In addition, there are examples of the different types of exercises that Satie completed at the Schola between 1905 and 1912, some extra trial *Enfantines*, and some earlier drafts of his famous *Sports et divertissements*. To help pianists, suggested metronome marks have been added throughout, and there are also some performance suggestions for the *Rose+Croix* pieces of the 1890s, which otherwise appear to be all quiet and slow. The notation has been made as user-friendly as possible, without detracting from Satie's concerns about the exteriorisation of his musical thought in print.
