**Exploring Social Psychology** Aug 25 2022 "This is a book I (David) secretly wanted to write. I have long believed that what is wrong with all psychology textbooks (including those I have written) is their overlong chapters. Few can read a 40-page chapter in a single sitting without their eyes glazing and their mind wandering. So why not organize the discipline into digestible chunks-say forty 15-page chapters rather than fifteen 40-page chapters-that a student could read in a sitting, with a sense of completion? At last a publisher willing to break convention by packaging the material in a form ideally suited to students' attention spans. And, by keeping Exploring Social Psychology slim, we sought to enable instructors to supplement it with other reading"--
