Gold and the Gold Standard Aug 25 2019

Shadow of the Father Mar 01 2020 Yilon is a young fox noble who's just come of age, in the city of Divalia, capital of Tephos. But apart from his best friend and sometime lover Sinch, he doesn't like much about living there. He only met his father, Volle, two years ago, when he left his mother and the city where he grew up. He would give anything to be allowed to leave Divalia. Or so he thinks. When a stranger arrives with a message that the Lord of Dewanne has died and appointed Yilon his heir, the young fox realizes that there are worse places than Divalia. Dewanne is one of the most remote cities in Tephos, where foxes rule, and mice are relegated to menial jobs and a slum outside the main city. Which makes it difficult for Yilon to explain why his companion is a mouse. Ever the schemer, Yilon hatches a plan to get sent home, but soon finds that even in a backwards town, there are complicated politics, ancient blood feuds, and family betrayals, old wounds that his clumsy steps have reopened. There are at least two different groups trying to kill him, and the foxes who might help him are the very ones he's done his best to alienate. Without Sinch, who's run afoul of a band of thieves in the slums and has his own death threats to deal with, Yilon will need all the stubbornness and cleverness he's inherited from his father just to survive to the next sunrise, let alone save his inheritance, his friend, and his own hide.

Science Friction Sep 18 2021 Meet Vaxy the pine marten. He's a graduate student at sunny Hoffridge U., where he helps Dr. Forrest with teaching, lab work, and getting his pants off whenever things are slow. Meet Mike the rabbit. He's Vaxy's roommate and not-boyfriend, and he certainly wouldn't have any reason to be jealous of Vaxy sleeping with someone else. If he found out. Meet Grace the fennec. He's a student, a friend of Vaxy and Mike who holds the firm belief that sex is just sex and shouldn't be mistaken for a relationship. Yes, it's just another semester at "Hot Fudge U.," where the sex is as hot and easy as a day at the beach. Vaxy and his friends have most of another year to go before they have to worry about that "real world" thing they've heard about. Now meet Mrs. Forrest. She's Dr. Forrest's wife. Volle Jan 23 2022 Volle thought life as a spy-in-training was pretty easy: do as little as possible, and spend all his free time sleeping with the other young males in Caril. He never expected to be the one chosen for a critical mission to impersonate a noble in the neighboring country of Tephos—and neither did his superiors. They don't want to send him, and he doesn't want to go, but the mission calls for a fox, and he's the only one qualified. So off he goes, with a couple friends, a fake history, and very little to go on about the plot he's supposed to uncover. Now he must master the life of a noble and search for information while navigating the many pitfalls and temptations that surround him. And the temptations are plentiful: a young wolf prostitute, a shy fox courtesan, a handsome soldier. With noble friends to help him, he gains confidence quickly, but self-doubt continues to plague him. When events begin to spiral out of his control, he must discover whether he has the inner strength to save his country and his own heart.

Furries Among Us Dec 10 2020 Are they human, or are they beast? Over the past several decades, the world has seen a new phenomenon on the rise, a group of people identifying as "furries." They have appeared in the news and popular TV shows as adults wearing fursuits and participating in sex parties, but what are they really? This collection of essays on the furry fandom reveals furries through their own eyes, with bestselling novelist Kyell Gold, award-winning artist Rukis, the International Anthropomorphic Research Project, and so many more, covering topics from anthropomorphic art to fursuiting to conventions and the psychology behind furries. Some of the essays are comical and playful, while others are serious and academic. On one paw, this is a work for non-furries to get a glimpse into the anthropomorphic world. On the other, this is a chance for furries to hear from many of their favorite furries celebrities.

But his wingman is dating their lead singer now, so Jackson's left with the new bassist, an ex-Mormon kit fox named Zeb who might be gay, but knows as little about sex as he does about drinking. So Jackson's going to have to show him the ropes, and hopefully he won't have to learn any pesky life lessons along the way.

Schoen's Barsk: The Elephants' Graveyard. An historian who speaks with the dead is ensnared by the past. A child who feels no pain and who should not exist sees the future. Between them are truths that will shake worlds. In a distant future, no remnants of human beings remain, but their successors thrive throughout the galaxy. These are the offspring of humanity's genius--animals uplifted into walking, talking, sentient beings. The Fant are one such species: anthropomorphic elephants ostracized by other races, and long ago exiled to the rainy ghetto world of Barsk. There, they develop medicines upon which all species now depend. The most coveted of these drugs is koph, which allows a small number of users to interact with the recently deceased and learn their secrets. To break the Fant's control of koph, an offworld shadow group attempts to force the Fant to surrender their knowledge. Jorl, a Fant Speaker with the dead, is compelled to question his deceased best friend, who years ago mysteriously committed suicide. In so doing, Jorl unearths a secret the powers that be would prefer to keep buried forever.

Meanwhile, his dead friend's son, a physically challenged young Fant named Pizlo, is driven by disturbing visions to take his first unsteady steps toward an uncertain future.
