The Rebellious Life of Mrs. Rosa Parks Oct 26 2019 Now adapted for readers ages 12 and up, the award-winning biography that examines Parks's life and 60 years of radical activism and brings the civil rights movement in the North and South to life Rosa Parks is one of the most well-known Americans today, but much of what is known and taught about her is incomplete, distorted, and just plain wrong. Adapted for young people from the NAACP Image Award-winning *The Rebellious Life of Mrs. Rosa Parks*, Jeanne Theoharis and Brandy Colbert shatter the myths that Parks was meek, accidental, tired, or middle class. They reveal a lifelong freedom fighter whose activism began two decades before her historic stand that sparked the Montgomery bus boycott and continued for 40 years after. Readers will understand what it was like to be Parks, from standing up to white supremacist bullies as a young person to meeting her husband, Raymond, who showed her the possibility of collective activism, to her years of frustrated struggle before the boycott, to the decade of suffering that followed for her family after her bus arrest. The book follows Parks to Detroit, after her family was forced to leave Montgomery, Alabama, where she spent the second half of her life and reveals her activism alongside a growing Black Power movement and beyond. Because Rosa Parks was active for 60 years, in the North as well as the South, her story provides a broader and more accurate view of the Black freedom struggle across the twentieth century. Theoharis and Colbert show young people how the national fable of Parks and the civil rights movement celebrated in schools during Black History Month has warped what we know about Parks and stripped away the power and substance of the movement. *The Rebellious Life of Mrs. Rosa Parks* illustrates how the movement radically sought to expose and eradicate racism in jobs, housing, schools, and public services, as well as police brutality and the over-incarceration of Black people—and how Rosa Parks was a key player throughout. Rosa Parks placed her greatest hope in young people—in their vision, resolve, and boldness to take the struggle forward. As a young adult, she discovered Black history, and it sustained her across her life. *The Rebellious Life of Mrs. Rosa Parks* will help do that for a new generation.

**The Honey Bus** Apr 12 2021 An extraordinary story of a girl, her grandfather and one of nature's most mysterious and beguiling creatures: the honeybee. Meredith May recalls the first time a honeybee crawled on her arm. She was five years old, her parents had recently split and suddenly she found herself in the care of her grandfather, an eccentric beekeeper who made honey in a rusty old military bus in the yard. That first close encounter was at once terrifying and exhilarating for May, and in that moment she discovered that everything she needed to know about life and family was right before her eyes, in the secret world of bees. May turned to her grandfather and the art of beekeeping as an escape from her troubled reality. Her mother had receded into a volatile cycle of neurosis and despair and spent most days locked away in the bedroom. It was during this pivotal time in May's childhood that she learned to take care of herself, forged an unbreakable bond with her grandfather and opened her eyes to the magic and wisdom of nature. The bees became a guiding force in May's life, teaching her about family and community, loyalty and survival and the unequivocal relationship between a mother and her child. Part memoir, part beekeeping odyssey, **The Honey Bus** is an unforgettable story about finding home in the most unusual of places, and how a tiny, little-understood insect could save a life.

**Rosa's Bus** Feb 20 2022 The story of the bus--and the passengers who changed history. Like all buses in Montgomery, Alabama, in the 1950s, bus #2857 was segregated: white passengers sat in the front and black passengers sat in the back. Bus #2857 was an ordinary public bus until a woman named Rosa Parks, who had just put in a long day as a seamstress, refused to give up her seat to a white passenger. Her arrest sparked the Montgomery Bus Boycott, a major event in the Civil Rights moment, led by a young minister named Dr. Martin Luther King, Jr. For 382 days, black passengers chose to walk rather than ride the buses in Montgomery. From the streets of Montgomery to its present home in the Henry Ford Museum, here is the remarkable story, a recipient of the Crystal Kite Award, of a bus and the passengers who changed history.

Doreen and Tim are married psychiatrists with a twist: She's a self-proclaimed Long Island princess, grouchy couch potato, and shoe addict. He's an affable, though driven, outdoorsman. When Tim suggests "chucking it all" to travel cross-country in a converted bus, Doreen asks, "Why can't you be like a normal husband in a midlife crisis and have an affair or buy a Corvette?" But she soon shocks them both, agreeing to set forth with their sixty-pound dog, two querulous cats, and no agenda in a 340-square-foot bus. Queen of the Road is Doreen's offbeat and romantic tale about refusing to settle, about choosing the unconventional road with all the misadventures it brings (fire, flood, armed robbery, and finding themselves in a nudist RV park, to name just a few). *Adventure by Chicken Bus* Jul 04 2020 Embarking on a homeschooling field trip to Central America is stressful enough, but add in perilous bridge crossings, trips to the hospital, and a lack of women's underwear, and you have the makings of an *Adventure by Chicken Bus*. Buckling under a mountain of debt, Janet LoSole and her family are at their wits' end. Determined to make a drastic change, they sell all worldly possessions and hit the road. With only a few items of clothing, a four-person tent, and little else, the family visits a sleepy island backwater in Costa Rica to save endangered sea turtles. In Panama, they bounce around like turnips in the back of a vegetable truck to reach an isolated monkey sanctuary. In Guatemala, they scale the ancient Mayan temples of Tikal. In between tales of begging rides from total strangers and sleeping overnight in the jungle with an indigenous family, Janet endorses community-based travel—supporting local businesses and favoring public transportation called chicken buses. She also writes candidly about what it takes to travel long-term with two little girls amid the chaos of border crossings, erratic drivers, and creepy crawlies lurking at the edge of the jungle.
