The Wall Street Journal Complete Real-Estate Investing Guidebook offers the most authoritative information on: • Why real-estate investing is a great wealth-building alternative to stocks and bonds and why it's crucial that you avoid get-rich schemes • How to get the financing and make the contacts to get started • How to start small and local, be hands-on and go step-by-step with a vacation home to rent out, a pure rental property or a small apartment building • How to find and value great properties, do the numbers and ensure you have that beautiful thing called cash flow • How the government blesses real-estate investors with tax breaks and loopholes, and how you can be one of the anointed • How to deal with the nuts-and-bolts of being a landlord and have a strife-free relationship with your tenants

24 Days Jul 17 2021 This is the story of Rebecca Smith and John R. Emshwiller, the two reporters who led the Wall Street Journal's reporting on Enron and uncovered the unorthodox partnerships at the heart of the scandal through skill, luck, and relentless determination. It all started in August 2001 when Emshwiller was assigned to write a supposedly simple article on the unexpected resignation of Enron CEO Jeff Skilling. During his research, Emshwiller uncovered a buried reference to an off-balance-sheet partnership called LJM. Little did he know, this was the start of a fast and furious ride through the remarkable downfall of a once highly-prized company. Written in an intense, fast paced narrative style, *24 Days* tells the gripping story of the colossal collapse of what would become the world's most notorious corporation. The reader follows along as Smith and Emshwiller continue to uncover new partnerships and self-dealing among the highest levels of Enron's management. As they publish articles detailing their findings in the Journal, Wall Street and individual investors have a crisis of confidence and start selling Enron stock at unprecedented levels of volume. In the end - 24 short days later - Enron had completely collapsed, erasing 16 years of growth and losing \$19 billion in market value while watching the stock drop from \$33.84 to \$8.41. Not only was the company destroyed, but investors and retired employees were completely wiped out-all the while Enron executives were collecting millions of dollars. Climaxing with this 24-day period, this book shows the reporter's-eye view of a David-and-Goliath battle between journalists and a giant corporation. Each day a new story uncovered another fact; each day the company issued denials. And when the investigative stories reached critical mass and momentum, the stock market cast its final vote of no confidence. In the tradition of *Indecent Exposure* and *Barbarians at the Gate*, two other gripping narratives that began as a series of Wall Street Journal stories and ended up as books that defined an era, *24 Days* brings the importance of great investigative journalism to life.

Dogfight at the Pentagon Oct 27 2019 A delightful collection of the wild, the weird, and the wonderful culled from the Wall Street Journal's popular, and long-standing A-hed column. One of the Wall Street Journal's most popular features for more than seventy years, the daily A-hed column—named for a headline that looked like a letter A—has diverted readers from the more glum news of war, economic woe, natural disasters, and manmade malfeasance. Covering a wide range of lunacy and the unusual from across the nation and the world, the A-hed continues to enchant longtime readers. Now, the best A-hed stories from recent years have been bundled into this delightful collection. There are romantic tales, including the Japanese “infidelity phone” (it keeps trysts secret) and the story of “wingmen” and “wingwomen” who escort wallflowers to nightspots and maneuver them into the arms of prospective catches. Lovers of dogs, cats, and fish will learn how a Marine Corps bulldog got promoted to sergeant, how a grumpy cat acquired a Hollywood agent, and will be left wondering if a 63-pound carp named Benson died naturally in England or was the victim of foul play. From pantyhose (or mantyhose) for men to a campaign to recruit youthful nudists, a hairdo archeologist to five escaped wallabies and hippies smoking catnip, these stories will make readers laugh and keep them entertained.

Herd on the Street Dec 22 2021 For more than sixty years, The Wall Street Journal has prided itself not just on its serious journalism, but also on the whimsical and arcane stories that amuse and delight its readers. In that regard, animal stories have proven to be the most beloved of all. Now, veteran Journal reporter and Page One editor Ken Wells gathers the finest, funniest, and most fascinating of these animal tales in one exceptional book. Here are lighthearted, witty stories of breakthroughs in goldfish surgery, the untiring efforts of British animal lovers who guide lovesick toads across dangerous motorways, and the quest to tame doggy anxieties by prescribing the human pacifier Prozac. Other pieces reflect on mankind's impact on the animal kingdom: a close-up look at the nascent fish-rights movement, the retirement of U.S. Air Force chimpanzees that once soared through space, and ongoing scientific efforts to defeat that most hardy enemy -- the cockroach. Each of these fifty-odd stories -- from the outlandish to the poignant -- exemplifies the superb feature writing that makes The Wall Street Journal one of America's best-written newspapers. This charming and utterly captivating collection will be a joy not only to animal lovers, but to all those who appreciate artful storytelling by writers who are obviously having a wonderful time spinning the tales.
