Captain Pete Jun 18 2019 Peter Silverlos Livingston was born before World War II and would be considered a traditionalist in today's jargon. There is an old saying, " You can take the kid out of Brooklyn but you can't take Brooklyn out of the kid ". As a young kid growing up in Brooklyn, New York, Peter had the opportunity of being involved in many activities as a young boy. Brooklyn was the most populated of the five boroughs of New York City with over 3 million people of mostly European extraction

including many other ethnic races from all over the world during World War II. New York City was and still is the biggest city in the country. There were more combat troops from Brooklyn than any other area in the country. Over three thousand died in World War II. The average age of those who fought and died in WWII was 26 years old. Believe it or not, the average age of those who fought and died in Vietnam was 19 years old. Also, Marine casualties in Viet Nam totaled over 13 thousand. The Viet Nam war was one of the longest U.S. conflicts to date totaling ten years from 1965 to 1975, but the U.S. had advisors there for a number of years even before 1965. Over 58,000 U.S. troops died in Viet Nam and some are still Missing In Action (MIA's) like the great track and field star Cliff Cushman. He was from the University of Kansas and was a silver medalist in the Olympics and a track buddy of Pete's. He flew an Air Force jet when he went missing. The Viet Nam Veterans Memorial wall in Washington D.C. is a long black slab marble wall dedicated to all the fallen warriors and those that served and fought in Viet Nam, including those who are still MIA. Each of the soldiers names are inscribed on it in chronological order based on the date they died and served. This honor has been bestowed on all these veterans who courageously fought in the Viet Nam war conflict as remembered by the United States which dedicated the building of this wall in their honor. The monument's importance and significance is a symbol for all peoples in the United States and future generations to remember the sacrifice these veterans undertook regarding this conflict.

The Spirit of the Liturgy Dec 25 2019 New Softcover Edition with Index! Considered by Ratzinger devotees as his greatest work on the Liturgy, this profound and beautifully written treatment of the "great prayer of the Church" will help readers rediscover the Liturgy in all its hidden spiritual wealth and transcendent grandeur as the very center of our Christian life. Among the many liturgical issues that he covers in this work, Cardinal Ratzinger discusses fundamental misunderstandings of the Second Vatican Council's intentions for liturgical renewal, especially the orientation of prayer at the Eucharistic sacrifice, the placement of the tabernacle, and the posture of kneeling. Other important topics he discusses include the following: the essence of worship; Jewish roots and new elements of the Christian Liturgy; the historic and cosmic dimensions of the Liturgy; the relationship of the Liturgy to time and space; art, music, and the Liturgy; active participation of all the faithful; gestures, posture, and vestments. "My purpose here is to assist this renewal of understanding of the Liturgy. Its basic intentions coincide with what Guardini wanted to achieve. The only difference is that I have had to translate what Guardini did at the end of the First World War, in a totally different historical situation, into the context of our present-day questions, hopes, and dangers. Like Guardini, I am not attempting to involve myself with scholarly discussion and research. I am simply offering an aid to the understanding of the faith and to the right

way to give the faith its central form of expression in the Liturgy." - Joseph Cardinal Ratzinger, from the preface
